

SORRENTO

Sorrento Cabernet Sauvignon, Cabernet Franc, Merlot 2008

THE Fruit

For this blend we selected Cabernet Sauvignon, Merlot and Cabernet Franc from our family vineyards near Willunga, Aldinga and Maslins Beach.

We fermented each parcel separately in open 5 tonne stainless steel, then matured each parcel in older French and American oak barrels to retain fruit dominance.

The Tasting Note

The Cabernet Franc lifts the aroma of the wine by adding red cherry and hints of cedar and herbaceous characters to the blackberry of the Cabernet Sauvignon.

The voluptuous fruit and soft tannins provided by the Merlot round off the middle pallet, while the Cabernet Sauvignon gives the wine firmness and structure.

A fruit driven style that can be enjoyed in its youth or will develop under the right cellaring conditions
